

Empowering parents on their child's mental health care journey

Enabling better care decision-making:

Collaboratively monitor your child's behaviors & symptoms.

Invite parents, teachers and loved ones to your child's care team.

Easily share care progress with care providers.

Supporting parents on their care journey:

Configure medication and activity reminders to help you stay on track.

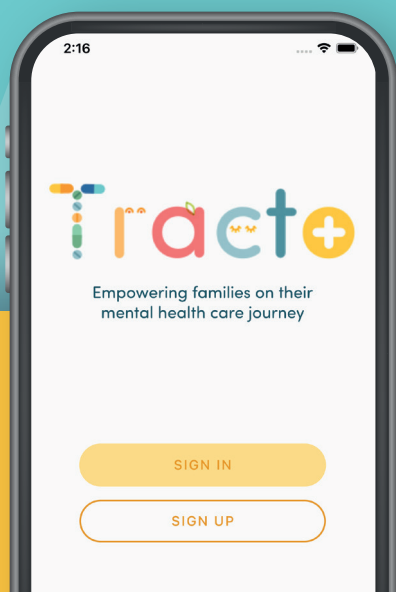

Tracto is free - download the app today.

Join our Facebook community.

Tracto is a **free app** that transforms the way parents, teachers and care providers work together to support children on their mental health care journey.
